Why the Foundation

The Miami County 4-H Foundation was organized in 2003 to provide a long-term, local charitable endowment. In January 2015, after the joining of Linn and Miami Counties to form the Marais des Cygnes District, the Foundation expanded to support 4-H programs and youth throughout the District.

The goal of the Foundation is to ensure the mission of 4-H today continues as it has for over a hundred years. Generation after generation has enjoyed the character building educational, hands-on experiences that combine the wisdom of experience with the enthusiasm of youth.

Traits and skills formed at a young age grow into adult values: accepting responsibility, goal setting, community involvement, cooperation and critical thinking. Those values make the community one in which we want to live and raise future generations.

Your contribution to the youth of today would insure them opportunities to develop the life skills required to be the leaders of tomorrow.

Helping the youth of today develop into the kind of adults we like to live by, work with, and count on as friends.

4-H is ...

an informal, practical, learning-by-doing educational program for all youth. It helps them establish real-life goals and become competent productive citizens, while they have fun in the process. In 4-H, young people learn to solve problems facing them and their communities. The knowledge and skills acquired in 4-H can open the door to a life time of personal growth.
