Knowledge @ Noon Features – All About Kitchen Knives

It can be argued that a good knife is the most important tool in your kitchen. Come join us for this month's Knowledge @ Noon program as we explore the basics of a good kitchen knife- from what kind you should have, to maintenance, sharpening, storage and more. The Master Food Volunteers have invited guest speaker, Curtis Wycoff, to come share his expertise. The program is scheduled for **Wed., Sept 21st at Noon - 1 p.m.** at the K-State Research and Extension office located at 913 N. Pearl, Ste #1 in Paola.

Those who attend this program will be able gain knowledge, take written materials and recipes home and sample some tasty dishes. A donation of \$3.00 is requested to cover food costs and supplies. **Please call to make a reservation by Sept 16th.** After Sept 16th, late registrations may be accepted if space is available. This program is sponsored by Franny Eastwood, Family and Consumer Sciences Agent and the Marais des Cygnes Extension District Master Food Volunteers.
